A NEW YEAR PROPOSAL.

What resolutions have I vowed to keep are engaged in this great war of the coming year? ome, sit beside me, maiden fair, and straightway you shall hear:

re pledged myself to choose from out the throng so gay, nd love her with an honest love for Il work for her with brain and brawn,

with all my might and main, Until I've won her everything that hon esty can gain : 'il fill her life with all that's good til

life itself is done-

Now tell me, won't you, maiden fair, what you have vowed to dofor foreign service. For I've laid bare my inmost soul to one but to you?"

I've made no pledges," she replied so demure a tone, But, if you don't object, I'll try to help you keep your own!" Wallace Dunbar Vincent, in Frank Les lie's Popular Monthly for January.

THE PRESENT OUTLOOK FOREIGN MISSIONS. Written by Mrs. F. L. Gibbs and pub

lished by request of the Woman's For-eign Missionary Society of White Stone M. E. Church, South.] To those of us who enjoy the

and in all things give thanks to Him civilization of our own enlighened who will give the victory. land, to whom the promises and nercies of our Father are a source of lope even in our deepest sorrows, it seems almost increditable to believe that even at this day there are those who sit in the region of the shadow

beyond the grave. The missionary idea is still a new and yet to the thoughtful student of God's Word, the command of our plessed Lord is imperative: "Go, teach all nations," and it is upon the bodies of those apostles, who bearing the gospel into the high places and the dark places of the world, that the missionary movement has risen and prospered.

hands of our Father in Heaven. A hundred years ago there were but few missionary societies in all Protestantism; today there are many. in China and Japan, in Mexico and India, and even in the dark continent, zealous and godly men and women We suggest Calendars, Cards and Booklets. We have beautiful Calendars from 5 cts. to \$2, Booklets

numbered by thousands. Statistics show that in Africa alone there are over five hundred missionary stations, numbering more than four hundred thousand converts. increasing on an average of twentyyears there will be rapid transportation by land or by water from the Indian Ocean to the Atlantic, from that civilization is found only in wholesome fashion, as follows:those lands where God is known, and reverberate through the primeval and quantity; and because we will for by the enumerators. forest of darkest heathendom and not print them, charge us with beawake the natives from their savage ing recreant to our principles.

In China, with her millions of souls, just how a newspaper ought to be the outlook is bright. The work of edited, much better thon the editor, this field is encouraging, especially and as advisors, think we should not 1899 where it will reach the approwhen we learn of the work of the regard our financial interest in donative converts, and that in some ing our work. A large class of this his operations for that year will not instances (rare as yet) native mothers kind, we find, will not permit their be lost. He will be required to give are leaving the feet of their little names to be appended, for the reason girls unbound and the young men as they tell us, that they do not deare marrying the women of their sire to incur the ill-will of anyoneown choice. About the beginning evidently unconcerned how much of this century the country was hostility and financial loss fall on closed to all missionary influence. the editor. Today every one of its eighteen "We print a paper to make a livprovinces has been entered. The ing, as men carry on any business. prospect for a university at Peking We desire to make it an influence and the great desire for universal for good. We desire to be at peace enlightenment is now the opporwith all men as much as is possible, tunity for missionary zeal and enteras suggested by the Apostle, who prise. Not alone in China are they knew that with some men it was not stretching out their hands for the possible, do what one might to please bread of life, but in distant India; them. Were it not for the commonand from Mexico and from the sense and fair-mindedness of the avislands of the sea, comes the appeal. In Cuba and Porto Rico we have no erage person, and the manly forbearance of the more intelligent and inlonger strong opposition to the pread of the gospel. The expediency of establishing schools and churches on these islands has been recognized and our missionaries have already entered the field. The fact that barriers have been removed, and in many instances doors once closed are now considered useless and danto the advance of civilization opened, gerous. The conditions existing in

fluential class, making all allowance for human fraililes, an editor's life would be indeed a trying one." WHY GROW HORNS. is a harbinger of progress in the their wild state which required them spread of Christian work, and even for weapons of self-defense no longer today is being fulfilled the prophecy. obtain, hence a smooth poll is pre- Atlanta, Ga., recently filled the pul-"The people which sat in darkness ferred, which can be obtained by use pit of the Rev. Dr. A. C. Dixon, of saw great light to them which sat in of a polled bull, or by use of stick Brooklyn, and also preached in New the region of the shadow of death, caustic potash applied to the embryo York churches. In his sermons he light is sprung up." Past experience horn when the calf is a few days old warned his hearers to beware of the shows that there is a sure reward by first wetting the button or young burning hell of Cotton Mather and for missionary effort.
